EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech	Hi-Tech Institute of Engineering and Technology	7.6	2021-2025
Senior Secondary	CBSE Board	78.2%	2021
Secondary	CBSE Board	71%	2019

EXPERIENCE

- **CodeAlpha**   *Aug.2024 - Sept.2024*
  Frontend Developer Intern   Ghaziabad, India
  – Developed and optimized responsive web applications using HTML, CSS, and JavaScript to enhance user experience.
  – Built and deployed four key projects: Image Gallery, Personal Portfolio, Music Player and GUI Calculator, incorporating dynamic features to improve interactivity.
  – Acquired practical experience in identifying and fixing UI/UX issues. Certificate

PROJECTS

- **CodeCraft Editor (Java-Based IDE)**   *June 2025 - july 2025*
  Ghaziabad
  – Developed a lightweight Java Swing & AWT-based text editor with file handling, color themes, and keyboard shortcuts for efficient editing.
  – Integrated in-built compile & run functionality by invoking the Java compiler and runtime directly within the editor.
  – Designed an interactive, user-friendly GUI showcasing expertise in Java GUI programming, event handling, and exception management.

- **Portfolio Website**   *May 2023 - June 2023*
  Ghaziabad
  – Designed and developed a comprehensive portfolio website that highlights my skills and completed projects. The site includes detailed sections on my work, an interactive contact form for inquiries, and complete information about my background and expertise.
  – Technologies used: HTML, CSS, JavaScript, React.

- **Rural Horizon – Career Guidance Website**   *Sept 2024 - Dec 2024*
  Ghaziabad
  – Developed a career guidance platform to assist rural high school students in choosing career paths based on their interests and educational streams (Science, Commerce, Arts). The website provides personalized career suggestions, job roles, government benefits, and exam details. Built using ReactJS for a seamless user experience with a responsive and intuitive UI.

SKILLS

- **Frontend Technologies**: HTML5, CSS3, JavaScript, ReactJS, Redux, Bootstrap
- **Backend & Databases**: JAVA, Oracle SQL
- **Version Control & Deployment**: Git, GitHub, Apache Tomcat, Oracle WebLogic, Netlify
- **Tools & IDEs**: IntelliJ, Eclipse, VS Code, Chrome DevTools

CERTIFICATIONS

- **Web Development Certification**: C-sharp Corner Web Development Test.   Certificate
- **Certificate of Participation**: Flipkart GRiD 6.0 - Software Development Track.   Certificate
- **Python-Beginner Level Certification**:   Certificate

ACHIEVEMENTS

- **Accenture UK Developer and Technology Virtual Experience Programme on Forage**   *September 2024*
  – Completed a Developer & Technology Job Simulation focused on understanding the Software Development Lifecycle in practice.
  – Explored DevOps trends, compared Agile and Waterfall models, and presented key differences in a structured presentation.
  – Designed a basic algorithm using pseudocode, created a flowchart to explain the logic, and debugged Python code with syntax and logic issues. Certificate
